PERSONAL THOUGHTS

Science has been a subject of great interest for me since Elementary School, which the Teachers and the School itself, especially Mrs. Preeti Sama Ma'am, have fueled extensively.

Science has had excruciating affects in my life, from understanding daily activities to mind boggling, though fascinating, rocket science has become as clear as a bell.

VACATION ASSIGNMENT

The Vacation assignment was an **intuitive activity** to make us think about the **environment** with usage of much liked **software programs**.
